

REVOLUTION IN INSULATION COSTS

Provides cost-efficiency between
30 and 40%

Gun & Straw Foam

960 ADHESIVE
PU FOAM
XPS, EPS AND INSULATING BOARDS

Akfix[®]
MASTER OF SOLUTIONS

**CREATES
PERMANENT
SOLUTIONS**

Perfect for fixing heat insulation panels,
filling gaps and repairing disparities.

Fast and **powerful adhesion** to various
construction material.

You don't need **these any more**

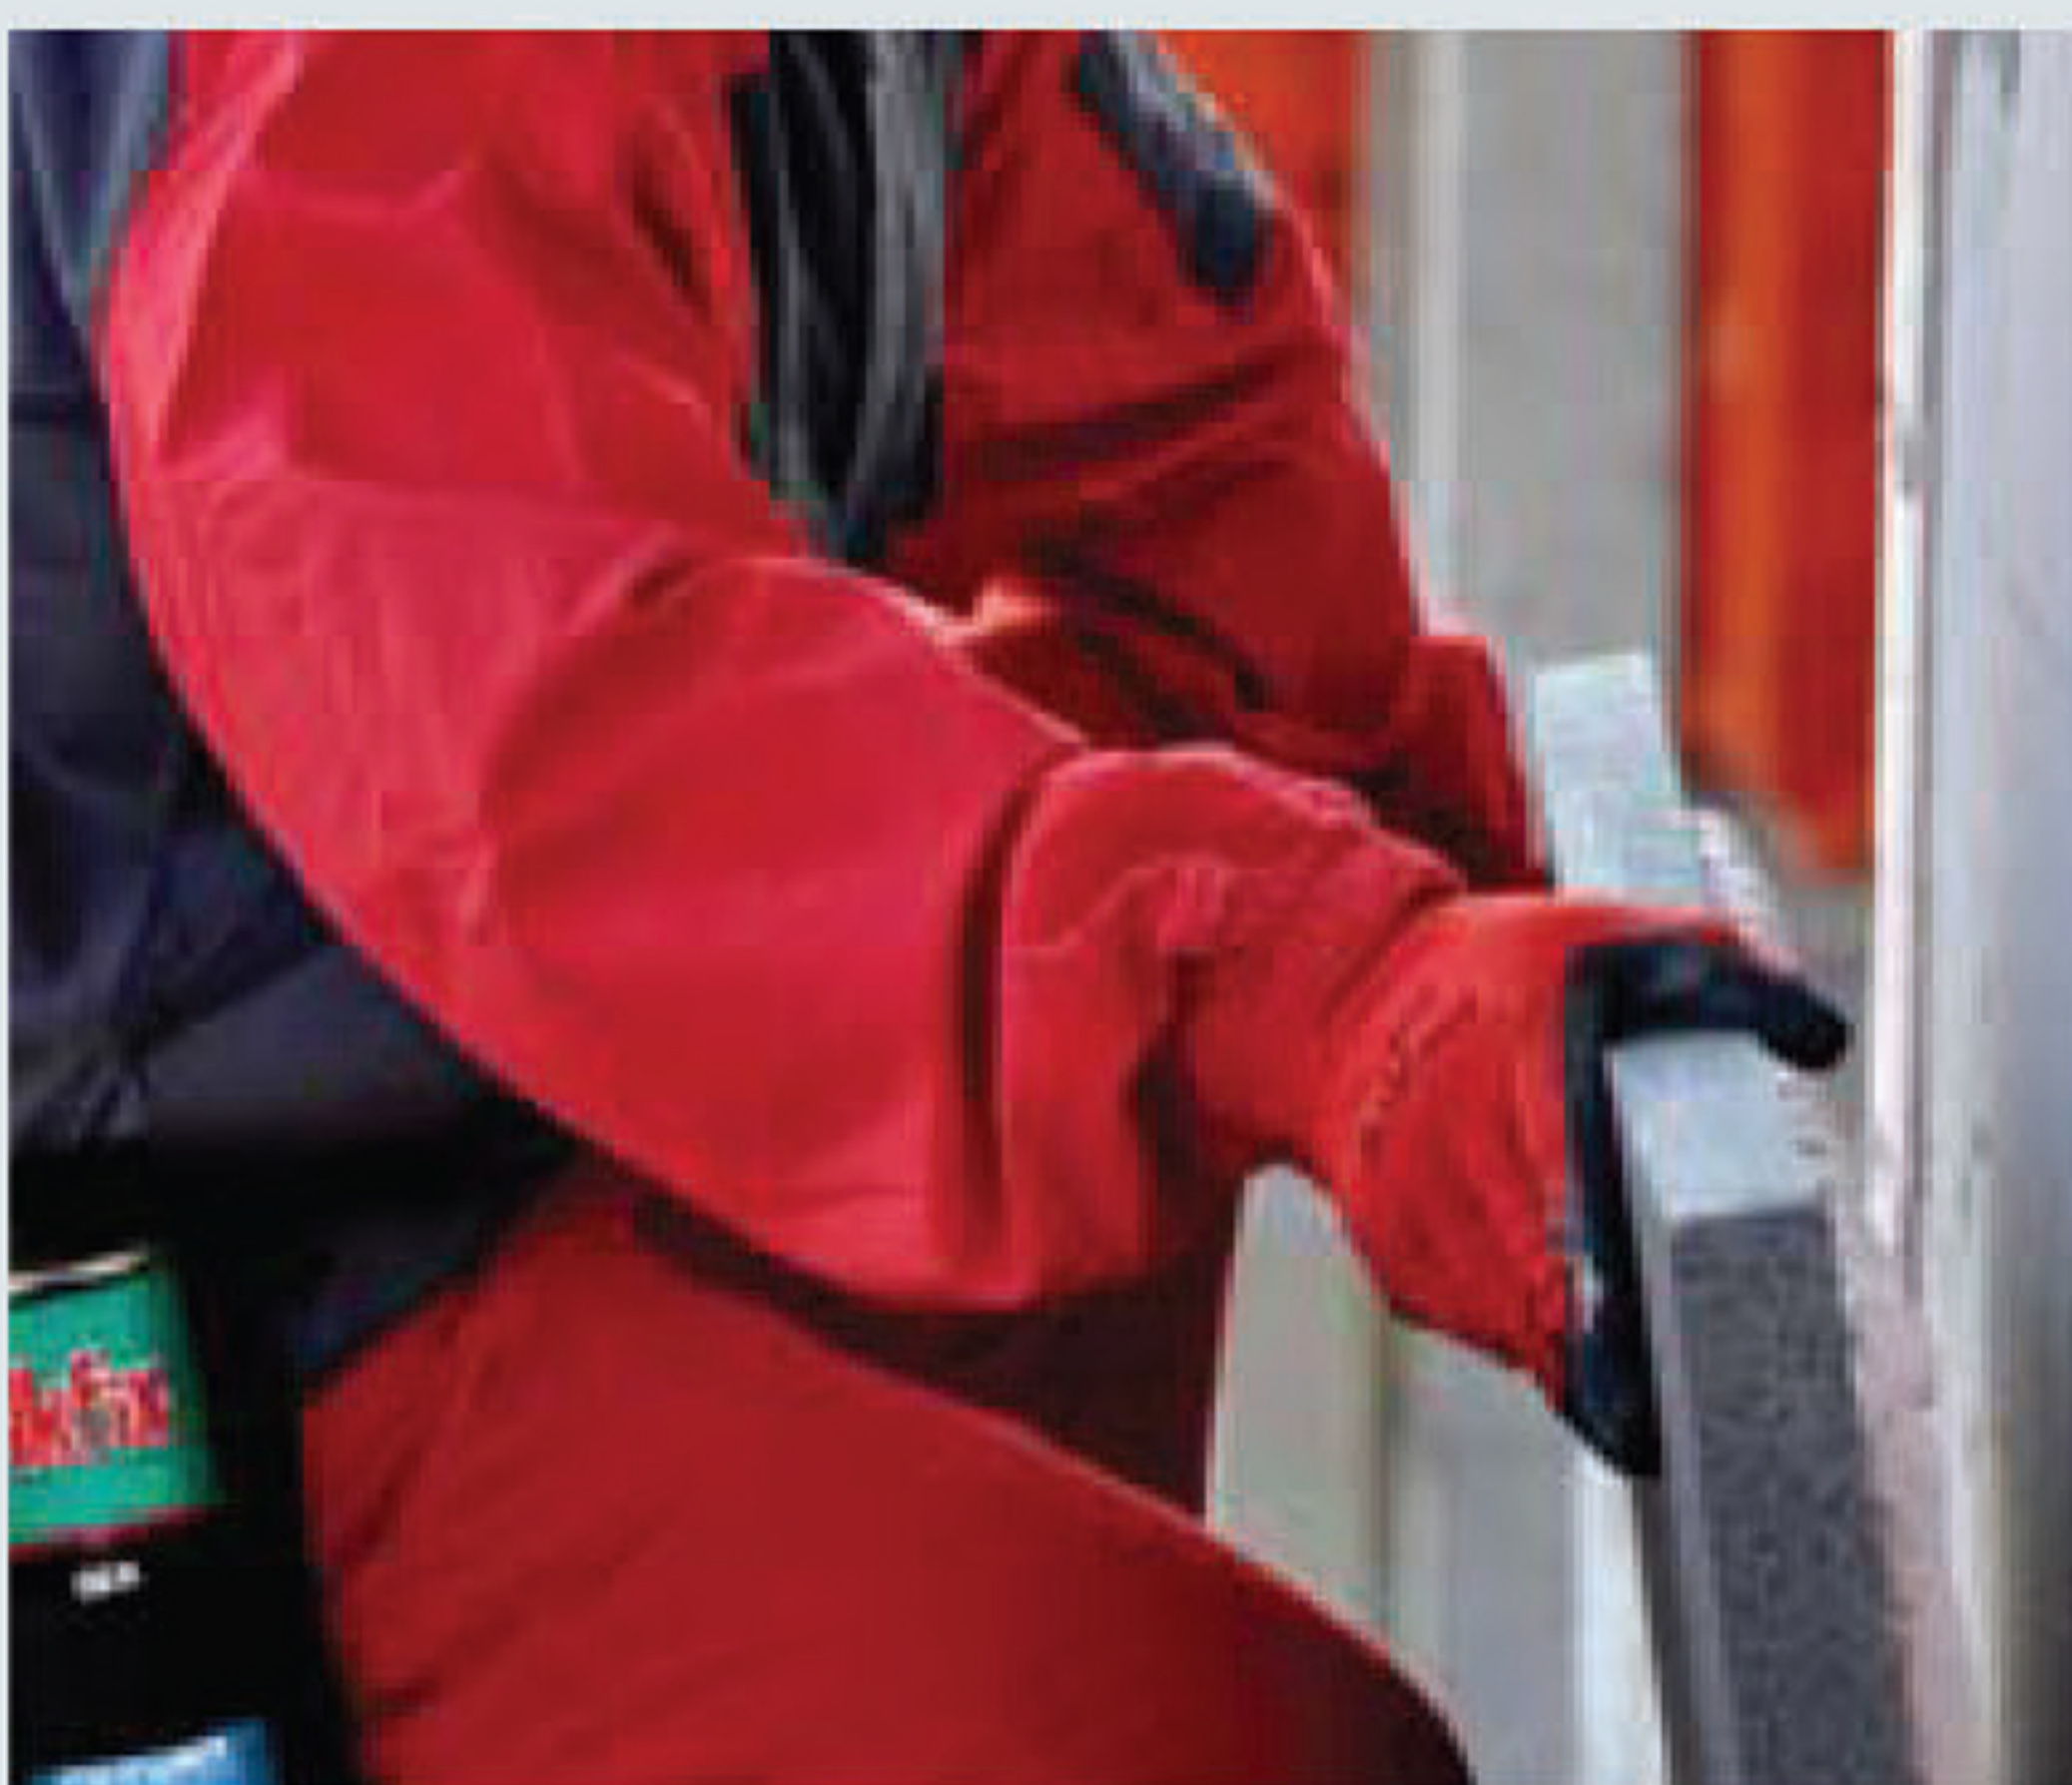

This technique is so obsolete
and **very expensive**

expensive

960 ADHESIVE PU FOAM

Reduces purchasing,
transportation, **storage**,
application and labour costs

Dries quickly, saves time

Applicable **4 times** faster than conventional method

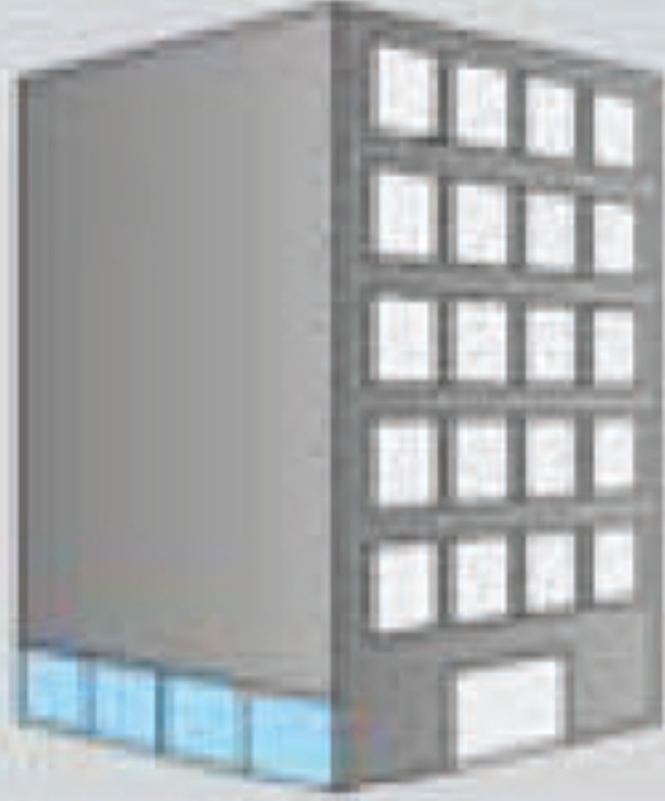

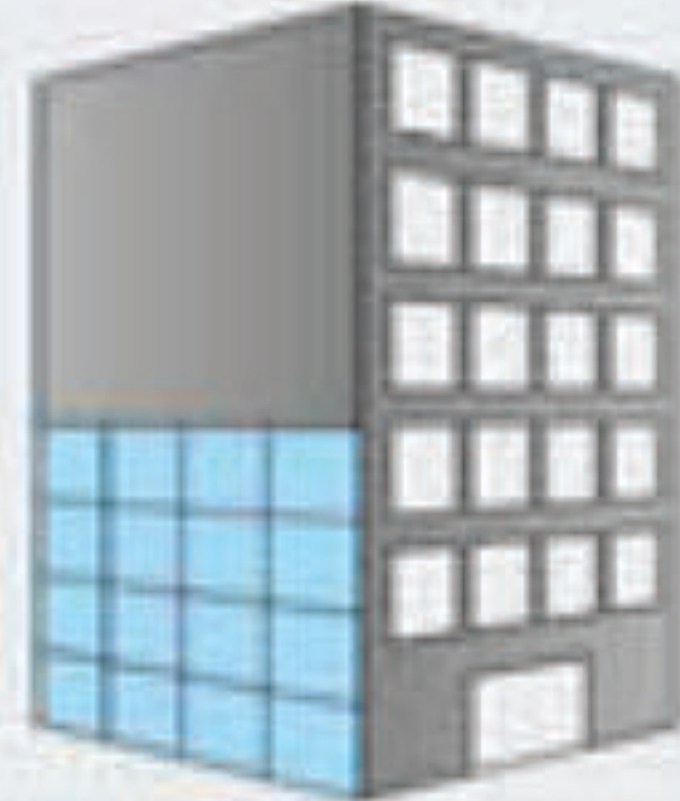

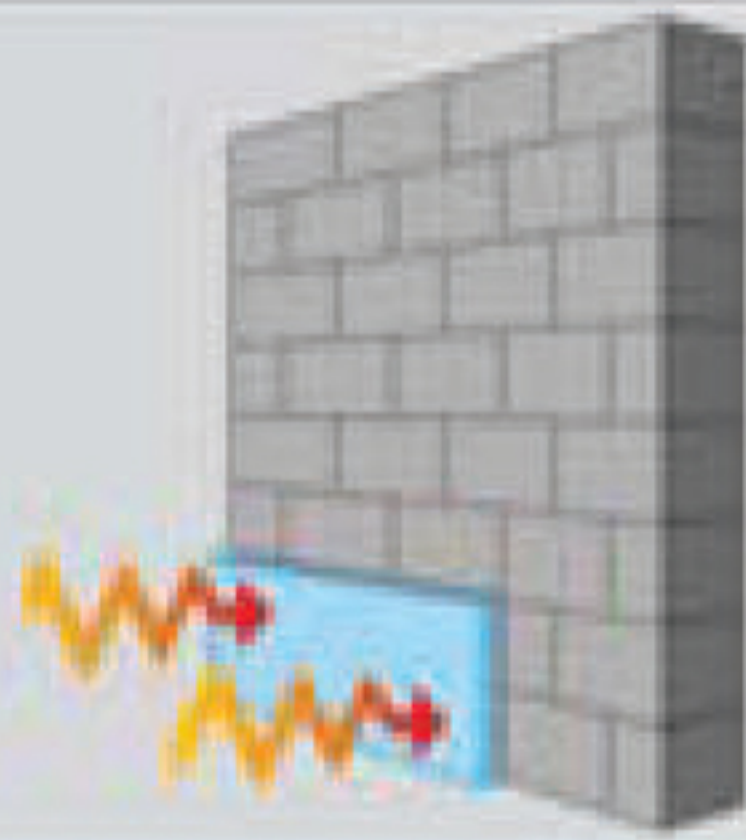

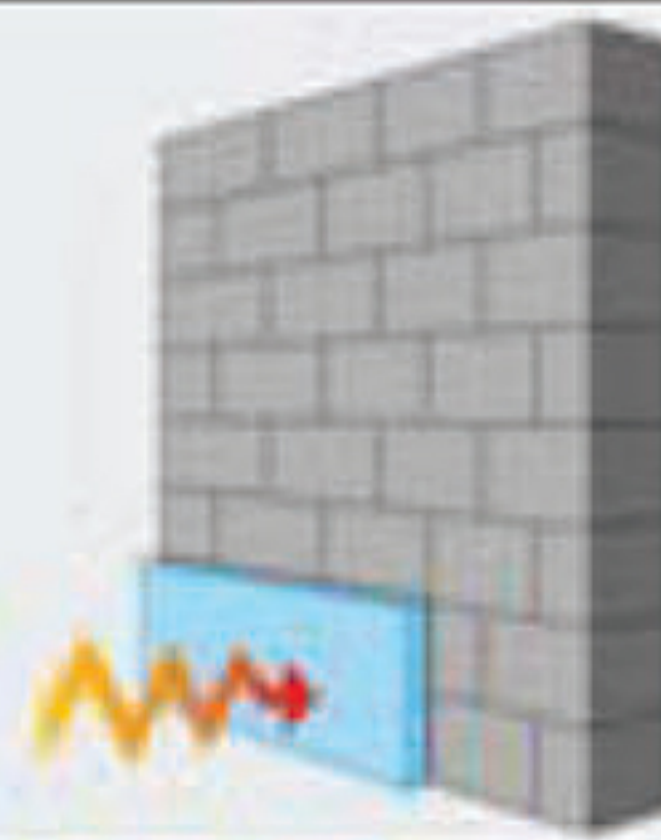

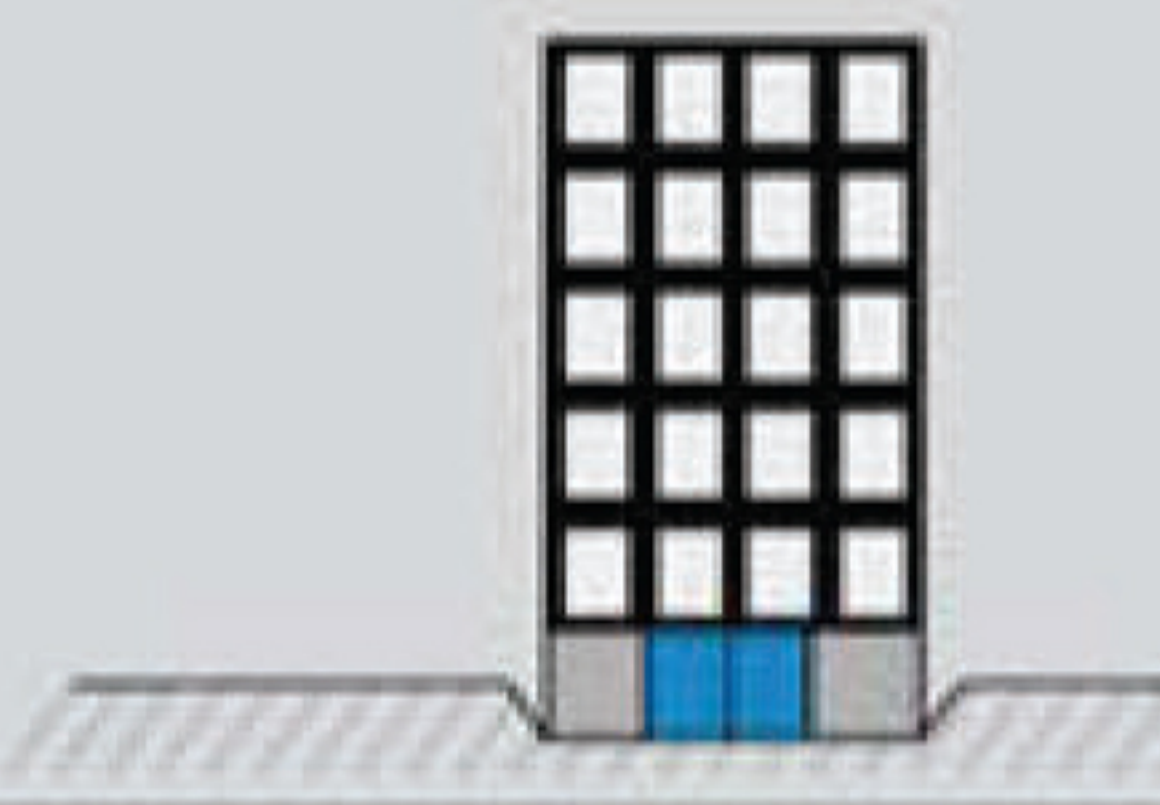

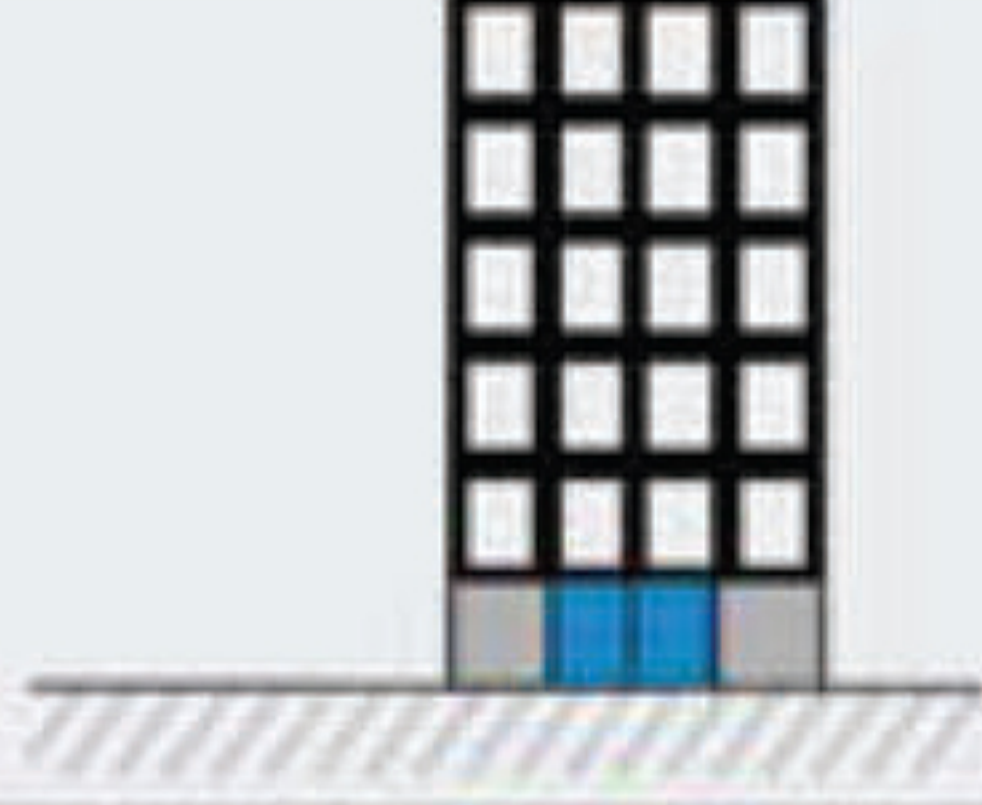

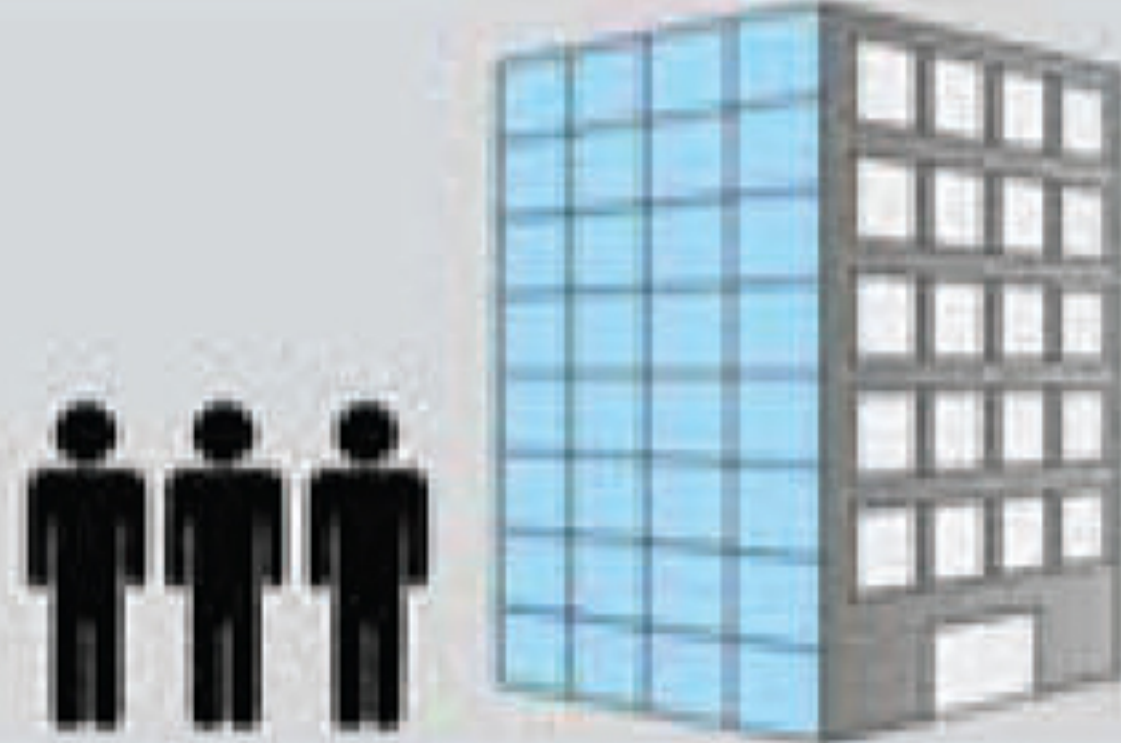

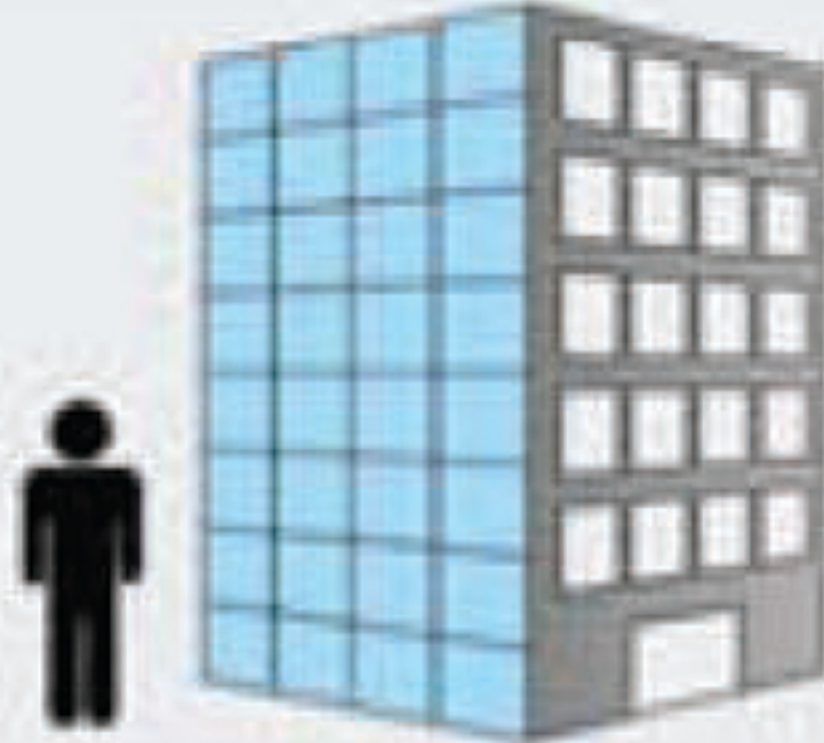

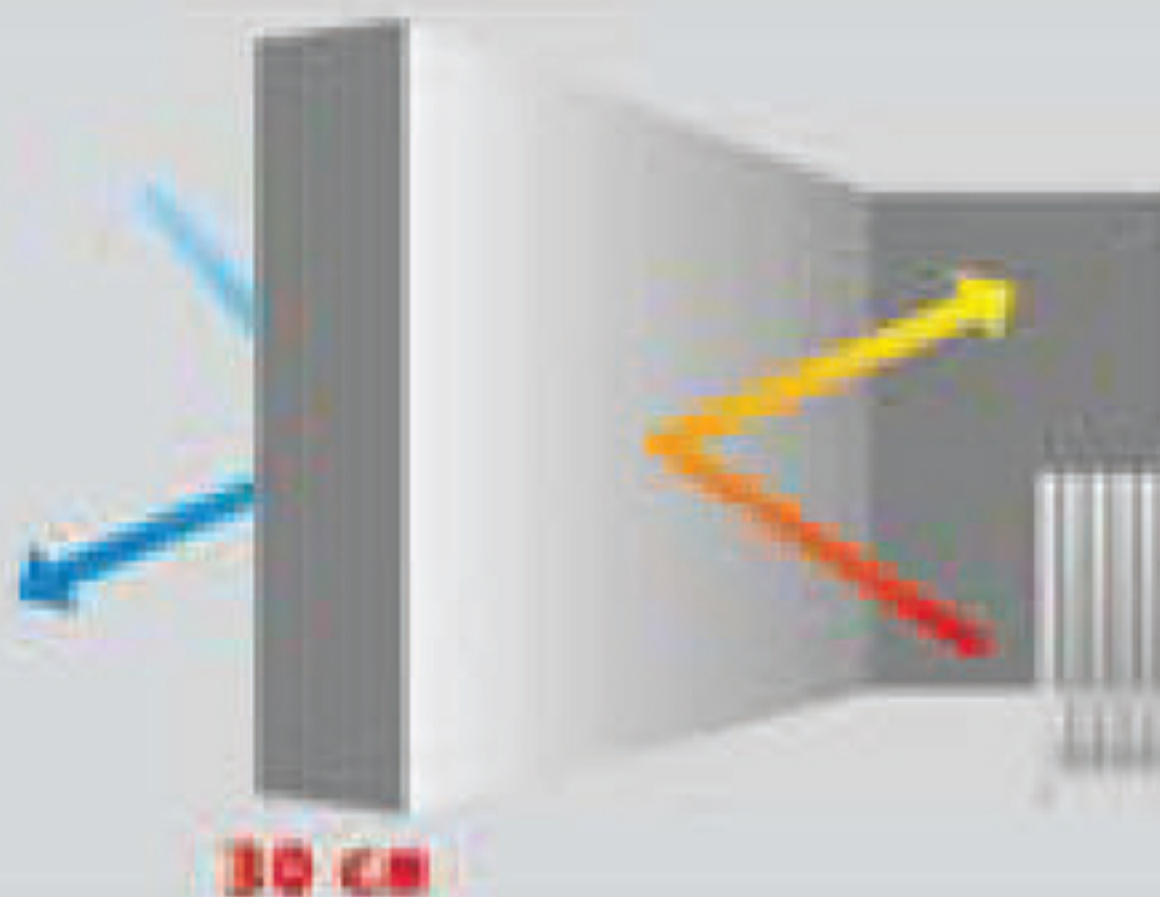

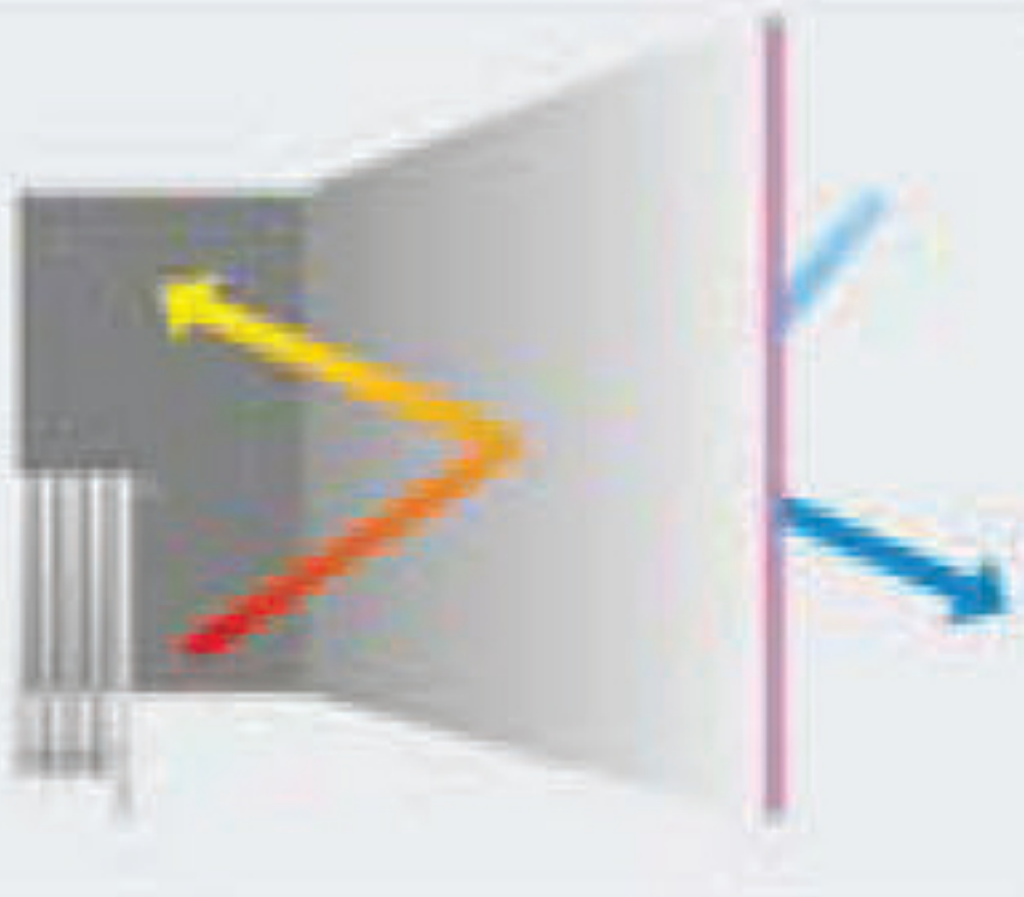

up to
14m² panel adhesion

More economical

=

	All Generations Mortar Adhesive	New Technology Akfix 960 Adhesive Foam
Storage and Transportation	Transportation of 500kg 	Transportation of 16 kg 
Praperation Time	About 2 Hours 	About 10 mins. 
Application Duration (in one min.)	1 Plate 	4 Plate 
Bonding Time	~ 48 hours 	~ 2 hours 
Extra Load Applied on Building	500 kg 	16 kg 
Labour	3 People 	1 Person 
Heat insulation comparison	30 cm mortar thickness equals to 	0,2 cm Akfix 960 thickness 

Comparisons are made for **200m²** area

Provides cost-efficiency between

30 and 40%

Powerful adhesion of polystyrene heat panels (XPS and EPS) Instant adhesion and wall plugging within two hours. More economical.

Ready to use in aerosol can **Up to 14 m² panel adhesion for each can** Minimum expansion during drying period *After dried, no further expansion and shrinkage*

A lighter material compared to plaster, **alternative material**, used in heat insulation systems. **No more extra burden or weight to building** High yield up to 55 liters, depending on the humidity and temperature

No more extra burden or weight to building

**Instant adhesion and
wall plugging within two hours.**
